September 2023

Dear colleagues in adult education:

The Canadian Association for the Study of Adult Education (CASAE/ACÉÉA) is a national volunteer and member- driven organization devoted to the study of adult education in Canada. CASAE/ACÉÉA facilitates communication, collaboration and dissemination of knowledge and research in adult education in Canada. As a pan-Canadian association of adult education researchers and research practitioners, we invite you to join CASAE/ACÉÉA.

Membership in CASAE/ACÉÉA has many benefits. It provides you with an opportunity to attend and to present your research at our **annual national conference**, which attracts presenters from across Canada and around the world. These conferences provide a forum for adult education students, practitioner-researchers, and academics to come together and to network and to discuss and share research about adult education. We also have many **regional events** and **Webinars**, as well as **awards** for graduate students and a lifetime achievement award.

Go to our CASAE/ACÉÉA website <https://www.casae-aceea.ca/> for information about events and to access our archived conference proceedings. Please consider joining us in Montréal QC for the CASAE 2024 conference.

Associated with CASAE/ACÉÉA is the Canadian Journal for the Study of Adult Education (CJSAE/RCÉÉA). The Journal is peer reviewed open access journal providing you with access to Canadian scholarship in adult education. You are invited to submit your research for publication. As a member of CASAE/ACÉÉA, you will be part of our vibrant organizational listserv, where you can access and stay up-to-date with special events and national and international conferences, networks and other resources.

Consider joining us for the 2023-2024 year. CASAE/ACÉÉA membership information is available on our website.
